### February 2013

#### Dues

Dues for 2013 are due. They remain at \$20 per photographer. Non-member spouses may attend meetings but not take part in forums, show and tells etc.

#### February Meeting

February meeting date is the 26th, the 4<sup>th</sup> Tuesday. We will have a Show and Tell. Digital images only, three per member, and remember that the 2 year old limit for images no longer applies to Show and Tell sessions. On the chance that we are overwhelmed with images, please indicate rank for showing, 1-3. If time permits we will show all three, otherwise we may eliminate the rank 3 images.

Since Peter and Sandy Jones will be away, digital images should go to Ron Anderson:

Deadline for entries is midnight Saturday Feb. 23.

John Ayre will show a short 15 minute DVD he has produced, and then demonstrate, step by step, how it is done.

#### Thank You

We would like to thank Kevin Adams for doing a great job in critiquing our images at the January Forum.

#### Photos

Photos in this issue are from those submitted to the January Forum.

#### Critique Group / Elements SIG

These groups will meet Tuesday March 12 at the Unitarian Universalist Church on Kanuga, on the right just before the next traffic light South of the one at Erkwood/State streets. Meeting time 1:00 for the Critique group and approximately 2:30 for the SIG. Attendance for the SIG has been dwindling but those in attendance were very interested at the Feb. meeting. Those who attend in March are asked to bring images to be worked on as a group. Last meeting we discussed cloning further and demonstrated with a couple of images. It then turned into a good review of the techniques we had discussed in the past.

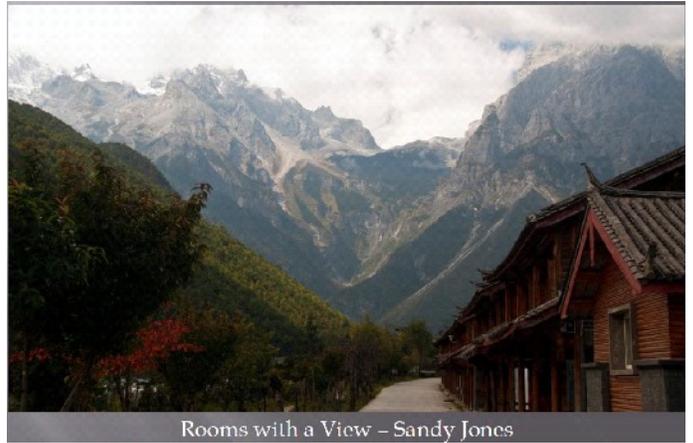

#### March Meeting

The March meeting will consist of a video from our newly acquired "Fundamentals of Photography" course presented by Joel Sartore, a well known photographer for National Geographic. The subject lecture will be one of the 3 on Light and Lighting. The video will be followed by a panel discussion. Three club members, still to be chosen, will take questions on the subject of the video, light and lighting. Members are urged to think about this

subject ahead of time and come prepared to ask questions, whether inspired by the video or not. Forum images from the January Forum follow:

Frosted Oak Leaf Hydrangea - Dick Spicka

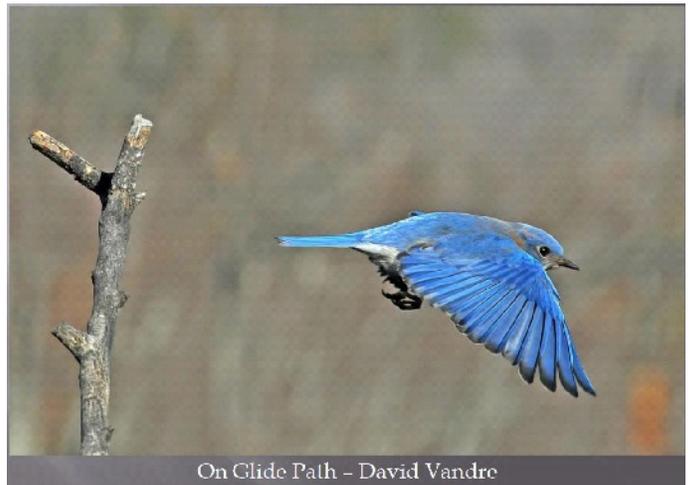

Rooms with a View - Sandy Jones

## Mentoring Program

Members, especially new or less experienced persons are encouraged to take advantage of the wealth of experience in the club. The volunteer mentors are recognized for their willingness to share their expertise. Our web site has a list of people willing to mentor you on various aspects of photography

Christmas Morning - John Ayre

Lemaire Channel, Antarctica - Judy Rountree-Benedict

Seated at the Organ - Ron Anderson

There were so many great images that I had a very hard time limiting the number to include. I probably missed some nice ones. My apologies in advance.
