Instructions for forum entries are on our web site www.cameraclubofhendersonville.com Please include all the information in your Email.

March Meeting

Our March meeting included a video tutorial on lighting that was quite informative. Then we had a panel to field questions on photo topics. Thank you to the panel members, Bob Coffey, John Orolin and

Ken Voltz. Their answers were helpful to all of us.

Photographs

Photos this month are from Paul Doebler, a member of the club and of our steering committee this year. We try to feature a member's photos in the newsletter from time to time. He sent me the following bio.

My name is Paul Doebler. I have been a professional musician nearly all my life. I retired to Hendersonville 3 years ago with my wife, Ann. After graduation from the Juilliard School I was a member of the USMA Band at West Point for 6 years. I then was a flute and music theory professor at the University of Wisconsin-Stevens Point for 33 years; I was principal flutist with the Central Wisconsin Symphony Orchestra for 33 years. I have been a church musician since the 7th grade and continue that endeavor in Hendersonville. I have also performed several recitals in Hendersonville, and was recently a soloist at the Porter Center in Brevard. In retirement, I have rekindled a love of photography; here in western NC that was pretty easy! I have been a member of the camera club for 2 plus years, and now find myself a member of the 2013 Steering Committee. I am a "serious" amateur with much to learn, and thus a member of our club. I am really enjoying the experience!

Apology

The newsletter is LATE this month due only to some distractions here. I got sidetracked working on a project that resulted in my writing a magazine article. I'll try to do better next month.

Outings

Rich DeSimone has asked me to mention a request to members for suggestions for photo outings. You may Email them to Rich newzred10@gmail.com
