

September 2017 Kaplan Room Library Photo Display Prospectus

The Henderson County Library has arranged to have the **Camera Club of Hendersonville** display members' photography during the month of September, 2017. Photos will be received on Friday, September 1, 2017 from 9am to noon. Pick-up of the photos will be on September 30, 2017.

We will need the following volunteers:

Receiving Photos- 2	Friday, September 1 9am-noon
Hanging Photos- 2	Friday, September 1 10am-1pm
Photo Pickup -2	Saturday, September 30, 9am-10am

Each member may display up to 3 photos.

There is no particular theme but we would like to see our best images presented. The image must meet the standards set in Basic Rule 3 as defined on the [website](#).

Each photo must be mounted and may be matted (matting not required.) Watermarks, signatures, and copyrights are acceptable but not necessary.

The **Club** will provide professional labels. Please send [Ken Weaver](#) a list of your titles no later than 6pm August 27. No photos will be accepted if the maker missed that deadline as we will be making the labels in one batch and all titles from the display need to be available at that time to the label maker.

Prints should be no less than 8"x10" but no bigger than 24"x36"

The photos will be hung on the carpeted walls of the Library Kaplan Room with Velcro hooks. No frames are allowed, please, as the hooks will not hold that weight. Metal Prints will be too heavy for mounting on the Library wall but Canvas wraps will be accepted. The hooks are actually small squares of Velcro material, the hook type. The other half is usually the loop type, but the carpeted wall serves that purpose very well. The Club will supply the Velcro.

The prints will be handled with extreme care and there will be no need to submit them in cello envelopes.

Prints will be rejected from the display for the following reasons:

Print is not mounted.

Print does not meet the standards set in Basic Rule 3 of CCoH Submission Standards.

Print is in a frame.

Print is in a cello type packaging.

All photos are to be picked up on Saturday, September 30 between 9am and 10 am. If you personally cannot be there, make sure you have a friend who will pick them up!
